## OUR MISSION STATEMENT

*PAL is a youth crime prevention program that relies on educational, athletic, and other recreational activities to develop and maintain a bond between police officers and youth of the community. Officers and civilian personnel from the Pasadena Police Department volunteer their time by providing alternatives to delinquency. The immediate focus always remains the same, diverting kids from boredom, apathy, loneliness and the countless problems associated with growing up today. PAL is a year round place designed to give community children a safe program to attend after school and during the summer. PAL offers homework assistance, various sports, and a wide variety of different activities that gives each member an opportunity to build character and become a positive citizen.*
